## DONATIONS

Thank you to those classmates that have made cash donations over the years! The money was used to keep the web site up and running. A big thanks to all those classmates who recently donated as the cash was used as “seed” money to get the reunion started and for “extras” at the reunion. I really appreciate it -- we had such a nice reunion because of it! Lastly, thank you to those classmates that donated silent auction and raffle items. The proceeds will be used for start up costs for the 25th reunion and to eventually professionally preserve our freshman, sophomore, and junior yearbooks. And let’s not forget those classmates who contributed gifts to the entire class. It was simply awesome and everyone truly appreciated everything! As a reminder, money is always needed to keep the web site running, so please consider donating using the “Make A Donation” PayPal button on the web site or by contacting Dawn Dalton, BHS Class of ‘86 Chair, to donate by check. *Thanks again everyone!*

## "LEAST CHANGED" AWARD WINNERS

**Rules:** Classmates nominated a female and a male classmate who had changed the least since high school. They still looked as good as they did back then!

**Female Winner:** Jessica Johnson (Alfano)

**Male Winner:** Bryan Burke

## ICEBREAKER GAME WINNER

**Rules:** This game encouraged classmates to get out and acquaint themselves with one another. Every person who submitted an "unique question" was listed below. The object was to find out who they were without asking a classmate directly. They had to ask a series of questions to get the correct answer (have you traveled out-of-the-country, like to exercise, etc). Once they identified the person, they entered their name in the space provided next to the question. The person who got the most answers right by the end of the evening won a FABULOUS surprise gift that was announced at Saturday's Banquet! (The prize was a one-hour massage from Top Notch located in Northway Mall. Awesome!)

**Winner:** Robyn Harris (Lamore). She had 22 correct answers!

Unique Question

- 1 I enjoy ballroom dancing. Not very good at it though.
- 2 Stacie McGlothlin and I are still the best of friends after all these years, and we're starting a children's furniture business together right now.
- 3 I ran off and joined the circus.
- 4 When I was in college, I was pregnant. I gave birth on Friday and was back in class on Monday. Talk about commitment!
- 5 In 1996, I won a batting championship at a National Tournament in Shreveport, LA. Out of 1,000 women, I had the highest batting average. During the five day tournament, I only got out twice.
- 6 I had a five pound tumor (size of Nerf football) pulled out of my lower abdomen.
- 7 I get sent to my room during football games because I yell too loudly. Apparently, I'm an uber fan for pro football and can't control myself.
- 8 I was in three of our classmates weddings.
- 9 I ran the 1998 New York Marathon with a fellow BHS '86 classmate (he finished first).
- 10 In one year I coached boys 5th-6th grade flag football, basketball, baseball (winning a championship), and privately coached tennis.
- 11 I helped fly a 206 airplane from Lake Havasu, AZ to Anchorage, AK.
- 12 My most enjoyable employment period allowed me to see the diversity of Alaska from Prudhoe Bay to Ketchikan.
- 13 I appeared in the 1998 movie "Avalanche". I also appeared on "America's Most Funniest Videos". We were shooting a segment on safe sledding, and the sled I was riding on crashed into the cameraman. Brilliant!
- 14 I used to ski-jor out my back door on the Iditarod Trail with my dogs.
- 15 I spent five months in the Bosnian minefields removing mines.
- 16 I swam in a beautiful blue Australian lagoon, complete with a vine to swing on, that was inhabited with saltwater crocodiles. (I didn't know it then).
- 17 I rode in a pace car for an open wheel CART race in Portland.
- 18 I walked the New York Marathon as a guide for my brother who has cerebral palsy.

Unique Question

- 19 I hiked the 26 mile Powerline Pass in 1998.
- 20 I have been to Disneyworld and Disneyland three times each since I've been married.
- 21 I broke my toe on a lava rock while on vacation.
- 22 I ran with the bulls in Pamplona Spain, floated the Nile River in Egypt, and saw the great Egyptian pyramids.
- 23 I traveled to Africa when I was a kid as my mom was born in Morocco.
- 24 I have completed six marathons and visited all 50 US states.
- 25 I ran the Crow Pass Marathon in 2002 with very little training (not smart but one heck on an accomplishment!).
- 26 I rafted 25 miles on the Chitina River over Class III rapids.
- 27 I attended three high schools: Minnesota for freshman year, East High for sophomore and junior years, and Bartlett my senior year.
- 28 My arms appeared in the U2 movie "Rattle and Hum".
- 29 I have lost 55 pounds over the last year to reach my goal of being healthier and fit.
- 30 I moved to Germany only knowing five German words: Nein, Ja, Deutsch, Heidelberg, and Deutschmark.
- 31 I drove from New York to Anchorage in four days.
- 32 I ran the Portland Marathon twice.
- 33 I once had dinner with NBA Head Coach Pat Riley.
- 34 I have been in the military for 21 years and never been deployed.
- 35 I'm a scratch golfer from Alaska.
- 36 I have six tattoos.
- 37 I spent one summer tandem skydiving once a week.
- 38 I climbed to the top of the Sydney Harbor Bridge to get a better view of the Opera House.
- 39 I'm actually a fun person even though I didn't talk much in high school.
- 40 I got lost in Poland.
- 41 When I was twelve, my dad, cousin, and I drove non-stop from Kentucky to Anchorage in four days. I even drove!
- 42 I work with the Children Ministry at Kenai New Life Assembly of God.

Game

## TIE BREAKER

**Rules:** Match the name of the classmates who couldn't attend with their unique question.  
(A list of names was listed below the questions. Originally, there was only ten questions listed.)

### Unique Question

- 1 Despite having the use of only one arm (my left arm at that), I build things from wood. Decks, dressers, tables, porch swings, benches - anything. I don't think it's a big deal, but my spouse says it's a huge thing.
- 2 I'll be in the documentary "Power Unlimited" that's due out this fall. It's about power lifting, and I'm the female novice in the film.
- 3 I have never learned to drive.
- 4 I was on the design team for the future Mars exploration space suit life support system.
- 5 I have walked in Lake Tiberius (the Sea of Galilee) which was a big deal for me because I gave my life to Christ eight years ago.
- 6 I coached cheerleading for Pop Warner and at Hanshew Jr. High. Go figure.
- 7 In 1997 at a private party, I danced to "Brick House" with Jack Nicholson. He had his trademark sunglasses on, a cigar in one hand, and a whisky in the other!
- 8 I coached Alaskan Olympian Rachael Steer as a junior cross country skier.
- 9 I finally learned how to downhill ski.
- 10 I learned to ballet dance while "shopping" without my ex-spouse knowing.
- 11 I was born in London, England, and I didn't become a US citizen until I was in my 20's.
- 12 I took care of a diabetic cat for six years.
- 13 This year I am a Daisy Scout Leader, t-ball coach, swim teacher, and kindergarten volunteer!
- 14 I met my spouse while we were both on a town pass from basic training at the River Walk in San Antonio, Texas. Then almost 17 years later to the day we got reassigned to San Antonio!
- 15 I have canoed the Mosel River in Germany.
- 16 Up until my son was born, I played softball for 15 years on three to five teams a season as a pitcher.
- 17 For all three of my college degrees, I have graduated with honors. I have also won two cooking contests this year!
- 18 I have been a "closest" chef for many years. I get asked to cook for family, friends, and colleagues. I have authored several chap-books of my recipes, and I'm currently developing a coffee table cookbook on regional cuisine in relationship with ultra-marathon endurance cycling. Go to my "cookblog" at [kneesandbees.blogspot.com](http://kneesandbees.blogspot.com).
- 19 I "flumin da ditch" in Wiamea, Hawaii.
- 20 My father grew up in a wooden house built before the Black Death (i.e. in the early 1300's). No wonder Beatle songs are about Norwegian Wood...
- 21 I participated in a mission trip to Bolivia to minister native school children. I prayed for a young girl's eye to heal, and it do so right before my eyes. Praise God!
- 22 I've visited the Eiffel Tower and Louvre in Paris, the Rome Coliseum, the leaning tower of Pisa, castles all over Europe, and the Demilitarized Zone that separates North Korea from South Korea.
- 23 I counted salmon for 12 summers working for the Alaska Department of Fish and Game in Bristol Bay, and for five seasons I monitored a herring fishery in the Bering Sea.

# Reunion

# Souvenirs

## Chippendale Tray

For the 20 Year Reunion, all BHS alumni signed a pewter Chippendale Tray. A beautiful keepsake!

Laurie Johnson (Wiles), bottom left, was the first one to sign the tray.

## Senior Yearbook CD

A stack of Senior Yearbook CDs. The 1985-86 yearbook was permanently preserved on CD by professionals who specialize in the reproduction of high school yearbooks. You can flip through the CD page by page just as you would with a traditional yearbook.

If you're interested in ordering one, please contact Dawn Dalton, Reunion Chair.

## Reunion Video DVD

Another keepsake, the Reunion Video DVD was edited by Devin Quince. A professional videographer was hired to document the reunion by video.

Here's alum Jim Blackmon and wife Carol watching the Reunion Video trailer.

Teresa Gates (BHS Class of '87) conducted all the alumni interviews Saturday night.

## Reunion T-Shirt

Bryan Burke designed the souvenir reunion t-shirt. They were sold before the reunion and everyone wore theirs to the picnic on Sunday.

Caroline Miller (Bolls) and husband Rich sporting the t-shirts.

## Memory Book

Mark Eral created the keepsake Memory Books.

Giles Harrison hired a professional photographer from his agency to cover the reunion.

Here's Mark hanging out with the photographer and Ken Pauli.

# Special

Seventeen reunion awards were given out as part of Saturday night's After Dinner Program. Each deserving winner received a certificate suitable for framing and some kind of award. Fun!

## First RSVP:

Three Winners: Yvonne Lee-Kuehn, Kim Kost (Anderson), and Tonya Paige (Worst).

Award: Engraved ice cream scoop. They "out scooped" all their classmates in being the first to reply!

## Traveled the Furthest by Car:

Winner: Mark Eral; Who drove from Mt. Home Air Force Base, Idaho.

Award: Travel Games Pack to give him something to do on that long drive back home.

## Married the Longest:

Winner: Kelley Cizek (Butler). Kelley married Andy Cizek on May 22nd, 1987.

Award: Ball and chain. Nineteen years is a long time to be "chained" to a significant other!

# Awards

## Icebreaker Winner:

Winner: Robyn Harris (LaMore) with 22 correct answers!

Award: One-hour massage certificate from Top Notch at the Northway Mall.

## Least Changed:

Male Winner: Brian Burke with 14 votes.

Female Winner: Jessica Alfano (Johnson) with 7 votes. Robyn accepted for Jessica.

Award: Barbie and Ken dolls. Twenty years later and they haven't changed either!

## Traveled Furthest by Plane:

Winner: Sharon Manassa (Smith); Who flew from Miami Lakes, Florida.

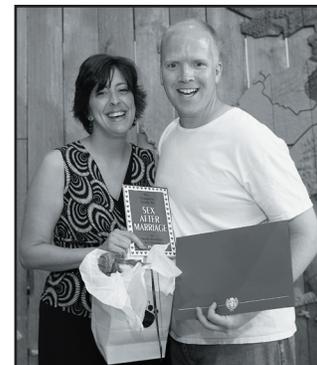

Award: A map from Alaska to Florida. In case the plane's navigation system fails, you have a map to assist the pilot! Just match up the lines and follow the arrow south.

## Most Recently Married:

Winner: Jim Blackmon married Carol on March 19th, 2005.

Awards: Book "Sex After Marriage." By the way, the pages are blank!

# Special

# Awards

## Most Kids:

Winner: Skip Townsend has five children: Lauren, Jesse, Trey, Zach, & Rachel.

Award #1: Gigantic Asprin. With that many kids, you've got to have one monster headache!

Award #2: Box of condoms. Enough already!

## First Grandma:

Winner: Terry Sniff (Shively)

Award: Grandma's Brag Book to show off pictures of her granddaughter! Sariah Mae Sniff was born August 2nd, 2005.

## Youngest Kid:

Winner: Trill Webster (Gates) gave birth to Paul William Webster on April 11th, 2006.

Award: Stuffed BHS bear for our future BHS student!

## Longest in Job:

Winner: Karen Perkins (Wasserzieher) has worked for Plaid Pantries, Inc. since 1988!

Award: Book "Dilbert Gives You the Business." A source of office humor that I'm sure Karen understands well!

## Most Degrees:

Winner: Rick Howe is about to finish his fifth college degree!

Award: Rear view mirror. We thought you might need another one to hang all those tassels on! Robyn accepted for Rick.

## Most Addresses:

Winner: Pam Gifford has had over 50 addresses!

Award: Address book and Post Office Change of Address kit. With that many addresses, she's got to need a new address book. And with the kit, she's ready for her next move!

## Most States:

Winner: Brian Petro has been to all 50 states!

Award: Stick on States Map so that he can show off his accomplishment by covering all the states!

# Displays

## 1986 vs 1996

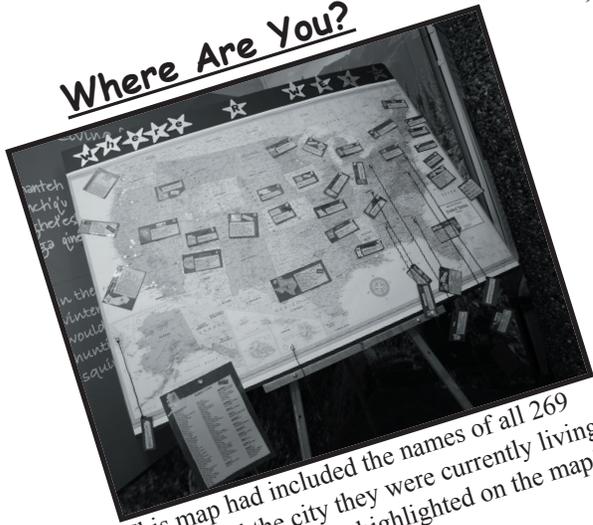

This display included facts about the years of '86 & '96, the '86 class photo & class list, the '96 class photo & class list, and all the '96 photos and souvenirs

The 10 Year Reunion souvenir -- everyone signed the apron.

## Where Are You?

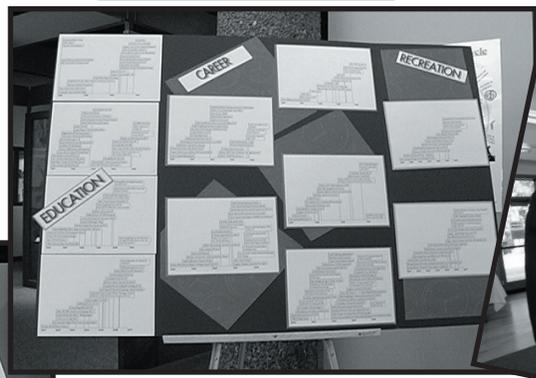

This map had included the names of all 269 alumni and the city they were currently living in. The city was also highlighted on the map!

## Alumni Video

Terry Sniff (Shively) watching videos and messages that were sent in by those classmates who couldn't attend the reunion. BIG thank you to Devin Quince for putting this together.

## Alumni Timelines

Data for the Alumni Timelines was collected from the Alumni Reunion Questionnaires. The timelines were: Marriages; Births; Graduations; Careers; Life; and Recreation.

Shirlyn and husband Michael checking out the last 20 years.

HUGE thanks to Robyn Harris (LaMore) for compiling these timelines! Lots and lots of work!

**Idea & Instructions:**

Everyone in attendance found a number on the back of their badge, and they got into groups based on this number. A roll of toilet paper was then handed out to each group. Dawn gave these instructions: "Take how much you think you'll need tonight." After each person took some toilet paper, Dawn gave some more instructions: "For each sheet that you took, you now have to tell the others in your group something about yourselves." A great way to get to know everyone!

Banquet

Come on in!

The gift shop was open so classmates could buy keepsake souvenirs.

Jeff and Christine getting briefed by Dawn on the duties of the check-in table.

Check-in

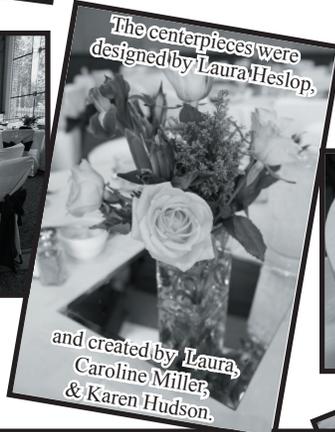

Karen, Kayleen, & Ernie waiting for the next classmate to check-in.

Mr. & Mrs. Townsend... I presume?

Taken from the Gathering Place, looking up at the Lobby and Stage.

The centerpieces were designed by Laura Heslop,

and created by Laura, Caroline Miller, & Karen Hudson.

Extras

Designed by Dawn, the napkins were folded

in an "envelope pocket" type fold.

The chair covers and navy bows added a special "elegance" to the entire banquet.

The DJ was from M&M Productions.

The award bags. Each bag was hand painted by Dawn and Jeff.

Bartlett's Student Government had a table selling t-shirts...

...and hats!

Navy and gold balloons: the colors perfectly match the overall theme.

A chocolate fountain! Provided by Alaskan Events and Catering.

There were (3) personalized drinks: Past - Blue & Gold Tequila Sunrise;

Present - Appletini; Future - Pearl Martini.

The keepsake souvenirs were hand painted by Dawn and Jeff with a bear paw on one side & "20" on the other side. Inside the boxes were personalized M&M's with "20 Year Reunion" & "BHS 1986" imprinted on them.

Each napkin had a Program Guide inside of it (designed by Dawn).

The beautifully decorated tables.

Taken from the Lobby, looking down at the Gathering Place.

This fountain was a HUGE hit and made the banquet smell wonderful!

The ribbons on the bags were personalized with "BHS Class of '86 20 Year Reunion".

Saturday

Banquet

After Dinner Program

Robyn Harris & Trill Webster were the MC's for the evening.

Dawn giving everyone a synopsis of what to expect for the evening.

For a table to get in line for the buffet, they had to answer a trivia question right. They also won CD's with music from the 80's.

One of the trivia questions was "who was the Prom King & Queen?"

Laurie was the Prom Queen!

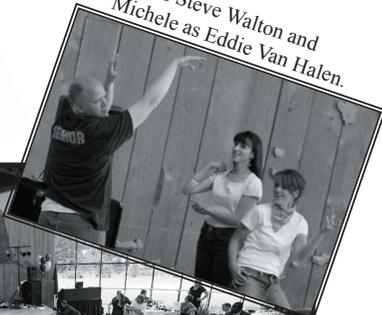

They did all the Class Statistics...

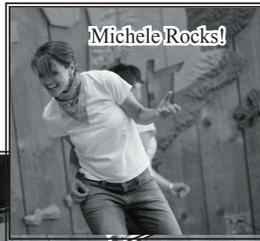

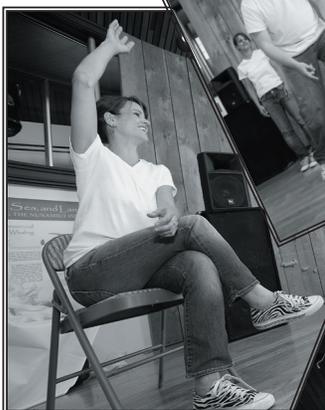

...and all the Class Awards. Dawn helped pass out their gifts.

Skit

Jim as Steve Walton and Michele as Eddie Van Halen.

These three Alumni did a great job entertaining us. They had us stumped a couple times, but we had some good laughs. Jim's impression of Steve was a classic to remember, Michele brought back memories with her impression of '80s great Eddie Van Halen, and Robyn brought out the kid in us as E.T.

Michele Rocks!

Trill giving a couple answers. Jim, Michele, and Robyn look on.

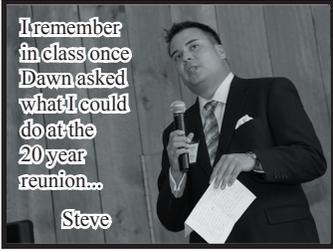

Robyn as E.T.

Special

Guests

Steve Walton honored two former teachers for being mentors to many of us. Coach Joe Wilson and Bob Moser helped define who we would become years later.

## Hilda McGaha (Bailey)

**Birth:** January 19, 1968.  
**Death:** November 27, 1994.  
**Cause of Death:** Cancer/Heart Failure.

"Hilda passed away from heart failure on the Sunday of Thanksgiving weekend in 1994. She was happily married for some years and working at First National Bank of Alaska. She wanted to be an airline stewardess but loved Alaska so much that I guess she decided not to pursue that. She was extremely strong willed and determined. When she made up her mind that was pretty much it as far as she was concerned, and she was very centered for what was right and what was wrong. That was tempered also by a very forgiving nature." **Bob Barr**

## Jodi Callahan

Birth: March 20, 1968.  
Death: November 11, 1996.  
Cause of Death: Suicide.

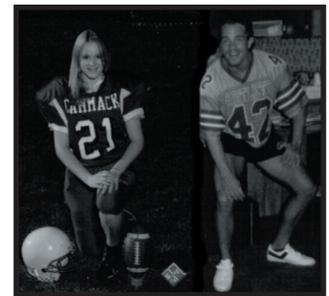

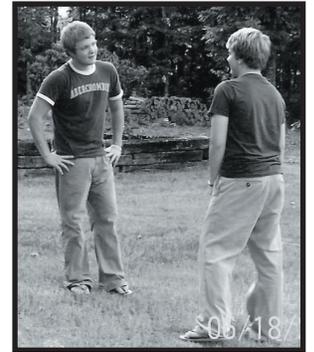

## Todd Coffman

Birth: February 11, 1968.  
Death: October 1, 1998.  
Cause of Death: Homicide.

“While most of the Class of 1986 were most likely half-way through college, Todd had started his own business, installing carpets in Anchorage. He also started a family. I worked for him a couple of summers. The work was hard as Todd was serious about his business but it was always fun. Todd always had a joke on standby. His true love was his children, and he adored them immensely. He’d play with his kids for hours on end, and they always had first priority in his life. Another thing Todd despised was the strong bullies who preyed upon the weak.” **Bob Barr**

“What I would like to say first and foremost is: Todd loved high school and all his friends, all the school activities and extracurricular events. Even though he left my home before the 8th grade, and it broke my heart to let him stay, he was so happy in Alaska I had to let him stay. He loved sports, weight lifting, and people.

Other than the births and lives of his three children, his happiest years were spent at Bartlett High School. I have some of his football games on tape, and a lot of pictures, thanks to Bob Barr who is one of the nicest people on earth. He gave me back the years of Todd’s life I lost when I let him stay in Alaska. He made me an album with over 100 pictures of Todd on baseball cards with titles, years, and notes on the back. I am forever grateful to Bob Barr.

His life was too short, and I want everybody to know he died as a result of domestic violence. He let a friend of his girlfriend’s stay at his place to keep from being beaten. Two men busted in his house and beat the girl, he threw them out, and they came back in and Eric Carlsen took a gun and shot Todd in the back, and when he was on the floor, he shot him in the stomach two times. The Bible says “Greater love hath no man than this; that he lay down his life for his friends.” (John 15:13) That is the epitaph on Todd’s headstone with his photo, along with engraved Alaskan scenery and animals, buried in Hot Springs, Arkansas.

I am grateful to Dawn Dalton for her web page, and the pictures she so generously used in memory of Todd. It gives me pleasure to look, and it is marked on my computer as a favorite. I often look at the web site and see if anybody else has died too young. I also look to see if anybody else has posted a story or memory about Todd. Dawn’s page is the only lasting memorial for my son. At one time Todd’s twins (now 16) went online and typed in their Dad’s name. They found the web site, and I think they are soothed in a way, that he is remembered. Thanks to Dawn.

I can’t begin to tell you how much I miss him. I will always miss him, and I want to ask each of you to do something for me and for Todd. Todd and I never had words, he loved me unconditionally as I love both my children. But if any of you are not speaking to your parents/family for any reason because of bad words, etc., do not hesitate. Write that person or call that person, and just tell them you still love them, no matter what. I learned in one horrible evening, October 1, 1998, that life is short, so live and love for today. Tell everyone you love that you love them, tell them often.

I will close with one of Todd’s favorite things to do in public, “Hey, everybody, Bob’s here. Hey, Bob!!!!” Bobby Barr was one of Todd’s everlasting friends, as was Dawn. PS His kids think he was “buff”, he was!” **Ginger, Todd’s Mom.**

Birth: October 1, 1966.  
Death: December 21, 1988.  
Cause of Death: Leukemia.

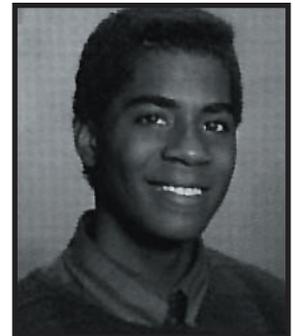

“Even though he was ill and in the hospital, he would always manage to talk his doctor into giving him a pass so that he could attend all the APU home games. While attending, he was the public address announcer for APU and would give a special handshake with the starting five players before tipoff. He loved to play basketball, and would volunteer his time at sports camps so that younger children could enjoy sports also.” **ADN Article**

## Andre Parker

Birth: January 30, 1969.  
Death: January 5, 2003.  
Cause of Death: AIDS.

“On behalf of the family of André Parker I want to thank you, Dawn, for all that you have done to preserve Andrés’ memory, it means so very much to us all. I have a feeling that André is smiling because you cared enough to not only do this for him, but for all of your classmates who passed to soon from our lives.

André often spoke of his days at Bartlett with sincere fondness and also a few regrets. As far as the regrets go -I feel it is ok for me to speak on his behalf- and to say to anyone that if André hurt your feelings, and he was certain that there were a few you he treated really badly, he wished that he could take it all back. Over the years of André’s illness he resolved his grief for any mistreatment of others by seeking forgiveness from God. And it seemed to work... André passed from this world with a smile on his face.

The fondness that André spoke of came from the numerous parties, ski trips, camping and globe trotting in Europe and Africa where he... partied some more. There were also the deep friendships made during his days at Bartlett that carried him through his best and worst days of living with AIDS. For those of you who stayed with him during his amazing journey, those of you who called him, visited him, let him meet your babies and play uncle, showed up to help me plan his memorial service and just did what needed to be done I will be forever grateful to you just as André was. I could not have cared for him through the years of his illness without you.

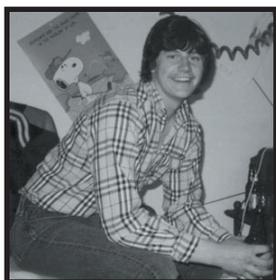

It’s been 3 ½ years since André departed from this world, and a lot of the pain and grief has passed from my heart, but it will never be completely gone. Those of you who spent time with André prior to his illness know how much he enjoyed life, and just how grateful he was for your love and friendship. Although he fought a courageous battle for his life, I’m sure that he would much rather be remembered for the active life and love that he shared with all of you rather than for his early demise from this dreaded disease.

I would love to hear about some of the experiences that you shared with André. I’m working on a memorial book for our family and I would love to include your stories and pictures in the book. I have no closing date for this project so when ever the spirit touches you email me at [silverlightguide@comcast.net](mailto:silverlightguide@comcast.net) or [silverlightguide@yahoo.com](mailto:silverlightguide@yahoo.com) with your stories and pictures.

In closing I offer this brief prayer. Please do what you can to keep hope alive, and to show your care and love for one another and this beautiful world of ours.” **Andre’s Aunt, Rev. Cristhal D. Bennett (Auntie Cristhal), June 26, 2006.**

Cause of Death: AIDS.

“This was taken during spring break 1992 when Terri and I visited Wallace in San Diego. He was sick at the time, but looked and felt good thanks to lots and lots of meds (and a great attitude). In the years before his death, every time we saw him he talked about going to the 10 year reunion. I last saw him 5 days before he died, in October 1995. We reminisced about high school, and he was disappointed that he wasn’t going to make it back for the reunion. A wonderful person who is missed by many.” **Matt Snell**

Partied like a crazy girl in Anchorage for the first eight years after high school... Koots, anyone?! Had LOTS of fun and kept in touch (some closer than others) with all my high school friends... but a funny thing happens when you grow up and get married... you become responsible, move away, and get a real job. Travel to lots of really nice places, lose touch with your high school buddies, make NEW (different, not better) friends... and then, if you are REALLY lucky, you are blessed with children, and your whole world changes again, and this time, in the most absolute best possible way. That's where I am in life now, a stay at home mama with two beautiful little blessings: Nicole Brooke (2 1/2) and Jessica Rose (6 months). Simply said: Been there, done that, and so happy to be where I am today!

## Tony Alvarado

I attended college right after Bartlett. After earning my B.A., I started working for a bank that fortunately took me all over the state of Alaska. Eventually I ended up back in Anchorage, and I still enjoy working in the banking industry. Met my wife in college, and we just celebrated our 14th wedding anniversary. We have two beautiful daughters, ages 12 & 7.

## Janene Schoenborn (Anderson)

I have been teaching, raising a family, coaching, traveling, and relaxing.

## Kim Kost (Anderson)

I went to college at Radford University in Southwest Virginia. I graduated in 1991 with a BS degree in computer science. I got married in 1992 to a wonderful man I went to college with. After our college graduation I went on to work with Feld Entertainment (formally known as Ringling Brothers & Barnum & Bailey) as their PC support and trainer. After the birth of our twins, John and Cathryn in 1996, I then went on to work for SOZA & Company, Ltd. doing PC Procurement. The job grew into handling contracts Administrator/Financial Manager. In 2003 Perot Systems acquired SOZA & Company. I am still with them but work directly for one of the Division President/GM's as their Finance Manager. I have received my Certificate in Acquisition and Contracting. And I am also in the process of working on my Masters in Contract Administration. We have 3 beautiful children. A set of twins (girl and boy) who were born August of 96. And then another boy born in July of 99. We live in Chantilly, VA. John works for CGI-AMS in Fairfax, VA. We keep busy with the kids school and sports, and we try and travel as much as we can.

## Larry Andrews

I went in the Marines and served in Desert Storm where I was medically discharged. I moved to Florida, and I got divorced from my first wife. We have two sons ages 11 and 8. I remarried and have two more children a girl Madeleine 3 and a son Trevor 1. I moved to Marietta GA after the hurricane destroyed our home last year. I'm now living near my sister and my parents.

## Gina Angelone

I attended Lewis and Clark College in Portland, Oregon from 1986-1990 and graduated with a BA in Mathematics with a minor in Art. I went back to Anchorage (for a man!) after graduation. I floundered in the Alaska job market for about two years and eventually got a job at the Anchorage Police Department in 1994 as a Records Clerk. I eventually worked my way into the Crime Analysis Unit and ultimately accepted a job in Las Vegas as a Crime Analyst in 2001. While in Alaska, I ran numerous 5K, 8K and 10K races, biked the wonderful trails, and married my honey.

We welcomed our first child in September 2004, and she was my motivation to resign from my law enforcement career after 10 years. I am enjoying being a stay at home mom, and we are expecting a son in September 2006. Alas, I cannot attend the reunion! We have found that Las Vegas is not a good place to raise a family, and we don't like the quality of life here. We are currently trying to decide where to move next. If anyone has any ideas, please let me know!

## Tonya Carney (Barlow)

I attended SST Travel School and then went to Alaska Junior College and received my Associates Degree for Paralegal. I have worked in the legal field for over 15 years. I remarried in May of 2002 to a former East High graduate Frank (Snoopy) Carney. We have two teenagers at home but four children total. Two years ago I became a stay at home mom, and it has been great. Though I did become a little bored, so I went and got a part-time job at Delta Airlines and I love it.

## Jim Blackmon

After high school, the theme was "is there life outside of Alaska?" I needed to find out the answer, so I went outside to Eastern Oregon then to Georgia State University, only to discover the word fraternity and had to click my heels and say "there's no place like home", and headed back to Alaska. I ended up rooming with fellow classmates from Bartlett, most notably my best friend Mike Fetko, and quickly following a recommendation from Trill Gates I started doing radio. On the side, I did over 35 stage plays and graduated from U.A.A. with a degree in theatre. With degree in hand, I headed to Hollywood to pursue acting. Ten years later with a full resume including feature/independent films, commercial and stage plays, I felt something was still missing.

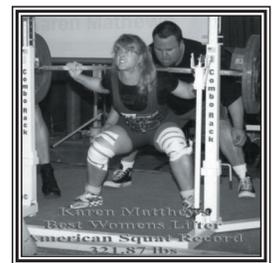

So after much prayer, I moved to my parent's childhood home in Nashville, Tennessee. YYYYYEEEEHHHAAAAA!! Once there, I followed my heart and went into teaching full-time. This led me to Carol, who became my wife on March 19, 2005. This made me a husband for the first time and an instant father of two beautiful girls. Once we got back from the honeymoon, I went back to school after 10 years for a Master's in Education, and became a biological father for the first time, to my son Will on March 30, 2006. I'm looking forward to graduating with a Master's at the end of 2006, raising a family of three, and loving my wife as much as I can. God is good.

## Karen Matthews (Boardman)

After high school, I went to work on a cruise ship. I spent the next eight years traveling to over 65 countries, and I learned to speak seven languages. I met my British husband on the last cruise ship, and we live in Northern California now. We own a 24 hour gym [www.anytimefitnessgv.com](http://www.anytimefitnessgv.com), GNC store, and I also run a women's boot camp at 5:30am [www.NCBootCamp.com](http://www.NCBootCamp.com). Check out our family web site: [www.steveandkarenmatthews.com](http://www.steveandkarenmatthews.com).

In high school, I was 5'11" weighing 105 lbs. Now I'm a 140 lb powerlifter but I still wear a size 6! I hold seven California State records and the American Squat Record. In March 2006 at the California State Championships, I won two gold's and the honor of "Best Lifter" (Squat: 322 lbs; Bench pressing: 155 lbs; Deadlift off the floor: 275 lbs). My goal is to break the American deadlift record in August [292 lbs] with 315 lbs! I lift in the USPF (United States Powerlifting Federation). I moved to California after school ended, worked at Del Taco, Kmart, and 7-11 for awhile. I lived really close to Magic Mountain (Valencia, CA), so I hung out there a lot. I had my oldest child in 1990, met my husband in 1993, we got married five months after meeting, we bought an older home, and started to fill the rooms (kids). I became a housewife. We are now on number six. I stay home and take care of the kids and babysit some friends children also.

After graduation I went to Denver Auto & Diesel College in Colorado from 1986-88. In June of 1988, I joined the US Air Force, and while in training meet my wife Tena Putzier whom I married March 11, 1989.

I was stationed at Moody AFB GA from 1988-93. My daughter Evita was born in June 1990. I deployed to Desert Storm in 1991. I was stationed at Yokota AB, Japan from 1993-96. My son Lynden was born July 1994. I was stationed at Little Rock AFB, Arkansas from 1996-1997. In November 1997, I moved back to Alaska so the kids could spend time with their grandparents. I was a member of Kulis Air National Guard Base in Anchorage from 1997-2005. I also worked for Alaska Sales and Service (GM dealership) from 1997-2001 and worked at Midas 01-04. In 2004, I started work for the US Postal Service as an auto tech in Anchorage. I then transferred in 2005 with the US Postal Service and Air National Guard to Texas.

I currently live in New Braunfels, Texas, and I work for the US Postal Service in San Antonio and also work for the Texas Air National Guard at Lackland AFB.

### **Anita Bevelheimer (Cukurs)**

I graduated from University of Oregon with an BA architecture degree. After school, I moved to London and had lots of fun going to underground clubs and concerts with my good friends, Depeche Mode, who I am still friends with. I moved to Los Angeles and started working in the entertainment business. I worked in the art department at NBC, on the soap "Days of Our Lives". I got into computer effects and worked for Steven Spielberg, directly, at Universal Studios on a TV show called "Seaquest".

That got me started in my current career of computer visual effects. I now work at a company called Rhythm & Hues, and I have worked on films such as "Harry Potter and the Sorcerer's Stone" and "X-Men 2". Most recently, "Garfield 2" and "Charlotte's Web". I met the love of my life while working at Sony Pictures. John Bevelheimer and I got married in 2000 in Santa Barbara, CA. We had a daughter, Erika, in June 2003, and a son, Jackson, in April 2005. My husband is a surfer and an illustrator. We have a great life in a small beach community in Los Angeles.

Where does the time go? It seems most of our time is spent raising our family. My wife Kathryn and I have 3 boys ages 11, 8, and 6. The same year we were married, we bought a house on the east side of Anchorage in 1990 and have been here ever since. We spend a lot of time traveling to visit Kathryn's parents in Anchor Point and have made many excursions to Texas to visit both of our relatives. Lately most of our out-of-state trips have been to our favorite warm spot, Kauai.

After high school I worked briefly at TCBY, Denali Federal Credit Union, and Unocal. I then went to work for the Municipality of Anchorage and have been there for the past 15 years. I started out in the Parks Department moved on to Building Safety and finally ended up in the Planning Department where I have been for the past 10 years. It's a career I didn't expect but became one that I enjoy.

Another thing I have enjoyed continually since high school is cross-country skiing. While skiing at UAA, I began coaching with Anchorage Junior Nordic League. While continuing to coach I served alternately as Head Coach, Site Director, and Program Director. It was quite rewarding to see the program grow to include three different sites and over 500 participants. Now in my 18th year coaching I am back to simply head coaching one of the groups (this is much more relaxing than directing the program!) and watching my boys participate.

I tried out college in Arizona, but got mixed in with a party crowd. I met my wife there, the former Dionne Stevens of Arizona. We decided to get married in Feb '89 and I needed to find a career, so I joined the Air Force in March '89. I was stationed in England, where my first (Nikki-'90) of three was born. I was deployed to Operation Desert Storm on Xmas Eve '90. I've been to Germany, Maine, Korea, Japan, Hawaii, Southwest Asia, Texas, Utah, N. & S. Carolina, California, and Idaho just to name a few. Bree ('93) was born in Maine and Chris ('98) in Utah. I have a few years left in the Air Force and plan to return to Anchorage soon. I'm also going back to school for my B.S. in Management.

After graduation, I got married and then joined the United States Air Force. After being stationed in California and Germany, I was lucky enough to be stationed back home in Anchorage. I served six years in the Air Force and then got out to accept a civilian job on a naval ship. After my mission was complete, I worked full time for the National Guard for the next two years. In 1995, I moved to Atlanta Georgia to help my dad out with some businesses he had opened in the area. My son, T.J., was born in 1997 in Atlanta. In 2003, I purchased my own automotive equipment repair business and have been working hard building that up ever since.

Not long after high school, I got married and moved to Florida for a few years. I returned to Alaska, had a daughter in 1991, and then settled in Seward. I worked in Human Resources for the City of Seward for several years, then the Alaska SeaLife Center. We took a month long trek from Alaska to Maine in 2002 with my fiancé, and we married in 2003. I'm now the Director of Human Resources for the Sheraton Hotel in Georgetown Island about 50 miles from Portland. We love it in Maine! It's enough like Alaska that it isn't so foreign, but with much shorter winters.

## Trill Webster (Gates)

Boy, how time flies. It seems like yesterday we were wandering the halls at the great ol' BHS. After graduation, I immediately went to college for a degree in journalism. I attended Washburn University, Washington State University, and University of Alaska Anchorage. During some of that time, I worked at various radio stations as a DJ and news reporter. In 1991, I was hired as host and producer of the children's TV show, The Fox 4 Kids Club on the Anchorage FOX broadcasting affiliate. I hosted that show for 11 years.

In 1992, I married Tony Webster (a 1985 Service grad). We had our first daughter in 1996. In 1997, I began graduate school and earned a Master's Degree in Elementary Education. Soon after that, we had our second daughter... then our 2 boys. (Who needs to host a kid's club? I have my own kid's club these days!)

In between all this, I've found time to train for a couple marathons (notice I said train and not win, or even come close to winning!), learn how to golf, and scrapbook lots of special memories. Presently, I am working on the morning radio show for Anchorage's #1 country station. Go figure! Country music is a far cry from Bon Jovi, The Scorpions, and New Edition ~ all of which I listened to in high school!

But, by far the best job I've had and will continue to have is being mom to four amazing kids. Fellow parents will know when I ask, what in the world did we ever do or talk about before all this? I'm so looking forward to reconnecting with friends and fellow BHS grads at this 20 year reunion. It will be fun to get to know everyone's families and see how our lives have changed over the years.

## Pamela Gifford

I joined the US Army. After four years, I went to college in Texas and received my AA in liberal arts and a BBA. I returned to Anchorage in 1999 and went to work at the Hilton Anchorage as the Asst. Director of Finance. Currently I am the Controller at Hutquist Home, Inc.

## Kayleen Hetrick (Graham)

I earned my B.S. in Social Work from PLU in 1990. Began working with emotionally and behaviorally troubled kids in residential treatment. I earned my M.S. in Counseling Psychology in 1996. Got married a week after our 10 year reunion to a great guy from Ohio. Have lived in Washington, Minnesota, and back in Alaska since 1992, moved to Willow in 2000, and into Wasilla in 2002. I became a mother of a fabulous girl named Zia in 2001, and of an amazing boy named Duncan in 2003. I became a Registered Jin Shin Do Acupressurist in 2003. I now have a part time practice in Wasilla doing Counseling and Acupressure. I love what I am doing and I love being a mom.

## D. Scott Gregory

Following high school, I went to art school at Virginia Commonwealth University in Richmond, VA, graduated in 1990 with a Bachelor of Fine Arts. Went directly to grad school at Rutgers University in New Brunswick, NJ graduating with a Master of Fine Arts and Cultural Studies in 1992. Moved to New York City as an artist and writer, living in Brooklyn working at the American Museum of Natural History as a Sr. Preparator and Exhibition designer and moonlighting as a graphic designer.

I have since been working as a Sr. Art Director in the interactive world and advertising for various firms and clients. In 1999, I left NYC to move back to Richmond, Virginia for a less hectic life working as a Sr. Web Designer/Developer for an advertising agency. I moved to Northern VA near Washington, DC to continue my career as a Creative Director/Sr Project Manager for a firm that specializes in DoD & Federal Government contracts.

In the past few years I have stepped up my cycling - to the point of freakish levels. In the past few years I have biked more than 14,500 miles per year, including doing about 15+ Century rides per season. I still write, make artwork, & occasionally exhibit.

I graduated from UAA with an elementary education teaching degree. I got married to Mark Carmen in 1993. We moved to Las Vegas that same year. We are both realtors in Las Vegas. I have 10 year old twin boys, a 7 year old daughter, & a 1 year old daughter. That pretty much gets you up to date.

## **Shawn Handrich**

I have been married for the past 15 years and have been installing flooring since I was 14.

## **Tracy Harpel-Laird**

School, school, and more school. And oh, yeah, now a couple of babies.

## **Dawn Dalton (Houghtaling)**

I left Alaska right after graduation, moved to Denver (got an AA in 1988 in Business Administration), met my husband, got married in 1990, and then moved to the San Francisco Bay Area as my husband started a job with United Airlines. I worked my way up the ladder in the chemical waste disposal industry, and I decided to go back to school in 1992 part time and full time in 1995. I finally finished in 2000 with three more degrees: AA in Liberal Studies; BA in Radio, Television, and Film; and MA in Media and the Performing Arts. It was a very long journey for me to fulfill all my educational dreams!

I currently work freelance in the film/tv/video/event industry where at any time you may find me on a corporate gig to a commercial, television show, feature film, music video, or large scale conference event. My biggest passion is travel, and my husband and I love our flight benefits! We fly quite often throughout the United States, we go up to Alaska almost every summer, and for the last decade or so we've taken an annual major vacation exploring one country at a time (Switzerland, Germany, England, France, Italy, Mexico, Kenya/Uganda, Australia, and Central America). My other passions include working out, scrapbooking, genealogy, movies, hiking, biking, fishing, reading, spending time with family and friends, and keeping track of my wonderful classmates from the best class ever. BHS Class of '86 rocks!

## **Rick Howe**

Firefighting, college in AZ, TX, Germany, taught at West Point while in the Army for 8 yrs 1 month 3 days. I'm now working for the Department of Homeland Security.

## **Ginger Bircheat (Hutson)**

After graduation, our family moved to Alabama. We drove the whole way!! I went to Troy State University in Troy, Alabama for a year. I had too much fun and Daddy decided not to pay for me to play, so I moved to Montgomery to live with my mother and enter the work force. I worked for a couple different Anesthesia billing companies and did some accounts receivable work for a large group of Ophthalmologists. After marriage and a few children, I work part-time in a church daycare, and shuffle my children from place to place.

## Sally Janis

Since graduating from Bartlett I have lived my life pursuing some fun, some tedious, and some exciting things. I graduated from University of Puget Sound in Tacoma, Washington in 1991 with a degree in public administration (how generic can you get!) and stuck around Tacoma for a while trying to begin my career of world domination. Seeing that world domination was not in the cards right away, I therefore accepted my first “real” job working as an information analyst for Pierce County’s mental health program. I stuck around for four and one-half years in this role, slaving away - me and my computer - only to realize it was time for change.

The change involved moving with my husband, Marc, and dog Madison to Zurich, Switzerland in 1997. And what a change this was! We spent most of our weekends out hiking or cross-country skiing during the two years we spent there. Other weekends were spent scooting off to eat our way through Europe. But after two years in a place like Zurich, you realize you must either assimilate or die so I pushed for a boycott of the country. We packed our bags and moved on to London in early 1999.

We hung around London for nearly five years - until late 2003 - enjoying the life of pubs, plays, tubes, and a bad tea habit. My teeth have now recovered their American (white) sheen after being back in the States for over two years - and I have supported my dentist’s golf habit in the meantime.

I still work for Accenture (have been since 2000) as a Knowledge Manager. Typically working virtually from my home office with a few trips to my company’s office in Seattle monthly. My boss is in Melbourne and my colleagues are dispersed across the globe from Austin to Bangalore so I work all kinds of crazy hours. At least I can do it in my pajamas and fuzzy slippers if needed!

Life in Tacoma is now focused on remodeling our home and grilling fish in the backyard under the apple tree. Next steps, who knows... but we look forward to what comes our way.

## Jessica Alfano (Johnson)

After BHS, I spent four great years attending Gonzaga University, where I got my BBA in Marketing. I came home to Alaska and got my first “real” job as a cable advertising sales executive. I met my husband, Mike, while on a sales call in ‘92, and we were married at Holy Family Cathedral in ‘95. We had the chance to do some traveling before we had Nathan in ‘99. Our daughter, Julia followed in ‘01 and our bonus baby, Elaina, in ‘04. Between the girls’ birth, we decided I’d focus on raising our kids, so I left my 12 year sales career and started my own media consulting business from home.

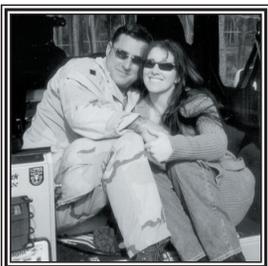

We liked the idea of working for ourselves so much that Mike left his management career in ‘04 to start Cafe Excellence - “A Coffee Shop in Your Office”. He goes into offices with gourmet coffee to free them of Folgers cooking in bun pots! We are now getting a second company off the ground - Sky Water Club.

We love to get away to our family cabin at Lake Louise (via boat in the summer and snow machine in winter). We also love to head out with our kids in the camper. My mom and dad moved in around the corner, so they are very involved grandparents. My brother, Bill, and sister, Laura also live in town. At home we stay hopping with kids sports and volunteering at our church and school, St. Elizabeth’s. My life is very full, and I am so blessed to have a wonderful husband, kids, and loving family!

## Anna Stiller (Jose)

I graduated from APU here in Anchorage with a marketing degree, worked for IBM and then State Farm. I met my incredible husband Mark and decided to go back to school and get a degree in Elementary Education. I taught in the Anchorage School District for seven years and had two amazing daughters who are nine and three. I have been a Consultant with Creative Memories for eight years, and I am currently the Director of Children’s Ministries at our church - ChangePoint. As a family, we enjoy flying out to our cabin to fish in the summer and snow machine in the winter. Running, reading, and scrapbooking are my passions next to my family of course. I am pursuing my Master’s degree in Christian Ministry.

## Carmen Foster (Kreh)

I left Alaska for trade school in southern California... 1997, graduated, came back to Alaska... worked in the trade industry, got married, left Alaska for Ft. Bragg, North Carolina... 1999 worked for awhile, did some traveling to England..... went back to school... graduated, opened my own spa and went into business for myself... began running marathons... hoping to someday soon get back to the “right” coast!!!

## Robyn Harris (LaMore)

I got married in 1987 to my best friend John. We've played for 17 years, riding motorcycles, traveling, and eating Thai food often. He keeps me grounded in reality, either by scraping motorcycle pegs on pavement or respectfully requesting clean laundry. He supported me while I obtained my Bachelors of Education from University of Alaska Anchorage (1993), maintained certification with a dozen more classes, and eschewed traditional career-seeking to peddle my trade at home.

Together we've home educated our four children, sending the oldest to Wasilla High School in 2003 to become its 2006 valedictorian. We've run a 30 hour per week autism program in our home for our youngest son, driven to Alaska Children's Choir (13yo James sings at Carnegie during our reunion), swimming, theater, and church events. As opposed to a stay-at-home mom, I am a stay-in-van mom. Volunteering with local youth (in churches, schools, camps, and retreats around the state and even France and Mexico) keeps me busy and in touch with kids.

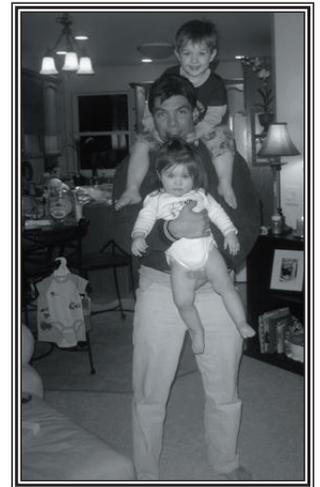

This year I've joined my thespian family on stage with Valley Performing Arts: Iras in Caesar and Cleopatra, Ursula in Much Ado about Nothing, and sang/danced for the first time in Oliver!. Performing as properties director for five valley plays this year indicates that owning interesting junk \*can\* be profitable! Acting is a Harris family affair, with every member performing in at least one major role this season, and my husband and I performing the leads in Barefoot in the Park this fall.

I am a backslidden member of Mochas Anonymous, as well as a survivor of Hodgkin's lymphoma, with all the tattoos, scars, and residual radiant glow from diagnosis, treatment, and therapy – 12 years nuke free. Apparently, I have a Creator with a prosperous plan and future for me. Hooray!

## Yvonne Lee-Kuehn

I have been growing up! I love my 30's.... I love spending time with my husband, John and our two little ones. Life has finally slowed down, and we are just enjoying Hayden (4) and Madison (1). I work with my dad every day, and my mom just moved in across the street from me, so life is pretty good! Living in the Valley is GREAT for our family!

## Steven Little

I worked for the local theatres fixing projection equipment and now I work for Penair purchasing aircraft parts. I am engaged and have three kids. Mikayla is 14, Christian is 12, and Connor is 7. My fiancée name is Megan, and we met 14 years ago.

## Yolanda Mitchell-Brown

Immediately following graduation, I went to Southwest Texas State where I earned my bachelors degree in Business Administration and my B.S in Sociology. I returned to Anchorage in 1990 and started my career in the hotel industry working as Director of Sales & Marketing for Holland America/Westours and opening two brand new properties in Anchorage (The Clarion and Hawthorne Suites Hotel) before “retiring” from that industry after 12 years. During that time, I was married and became the proud mother of Isiah in 1997. I then moved into Marketing & Advertising and worked for KTVA/KTBY, the Anchorage Daily News, and now I’m the Marketing Director for Alaska Executive Search. I started my own Marketing & Event Planning Company in 2003 ~ IGB Marketing. I am now a busy single mom enjoying life to it’s fullest.

## Dawn Deren (Moe)

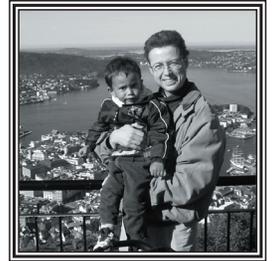

Working and raising three kids. Now staying home... and raising kids - or at least trying not to let them get away from me!

## Jarle Møen

I was an exchange student at Bartlett. I completed my Norwegian high school and mandatory military service before starting to study Business Administration and Economics. Basically, I never stopped my studies in these fields, and I’m now an associate professor in economics.

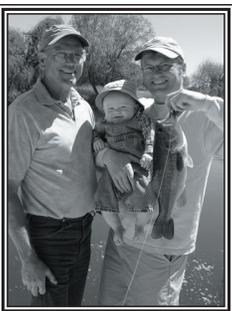

## Leslie Zimmer (Olson)

In 1988, I completed culinary school majoring in pastries. I soon went to work as a chef at a fishing lodge that was owned by Johnny Cash. Later that year I moved to Maui, worked in various hotels, and met my husband Jeff which I married in 1995. We honeymooned at Alyeska. In 1995, I had my only child Michelle. In 1998, we moved to California and bought a small farm. In 2002, I semi-retired from the culinary field and started working as a personal chef.

The last couple of years have been tough for me. To put it simply, it involved a divorce, bankruptcy, sale of the farm, moving several times, and I’ve been trying to remain a working mom. In 2002, my husband Jeff and I split, and Michelle and I had to start a whole new life together. We now live in Weimar, California, with one dog, four cats, and sixteen fish. I have my own business as a home manager, and I enjoy the daily challenges and rewards of working with other families. From cooking meals to running errands, it’s never the same routine. This work schedule allows me to spend time with Michelle. Last year, Michelle and I took a vacation and traveled the California coast. Loved Santa Cruz! On a good note, the “divorce diet” has me back down to my high school weight. Yea!

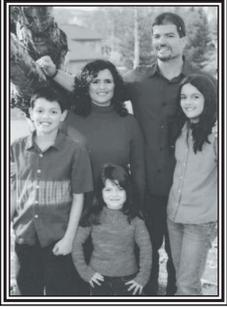

## Jeff Ostrom

After high school, I attended Washington State University for four years. I then went to University of Copenhagen for one year, and then traveled around Europe for another year. Since that time, I have been living and working in Seattle. I recently got married and have a seven month old son.

I moved to Hawaii for 4.5 years and played. I then came back to Alaska to work at Chugach Electric and have been there ever since. That's where I met the man of my dreams, and we got married almost 15 years ago and have three beautiful children.

## Michele Delange (Petersen)

Pretty much I have been doing everything backwards: I bought my first three homes before I finished college - beginning at age 19. I had my career (1st career, I suppose...) in my 20's and early 30's and now I am unemployed and searching for who I should be when I grow up. I was married for eight years, but had a son this year as a single mom.

Most important events in my life so far? At 33, I accepted a Fulbright Scholarship and lived in Marseille, France for a year. That was pretty life changing. Not long after this I moved to Asheville, NC. The most important event in my life without question happened in Asheville with the arrival of my son.

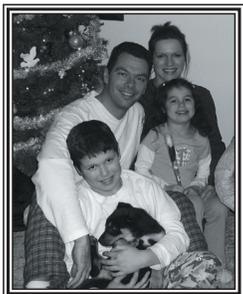

## Brian Petro

Right after high school, I went to college in Texas and in 1988 I transferred to a new college in Connecticut. In 1991, I graduated from college and then lived in New York and Georgia. In 1992 I moved to Seattle and coached college basketball and worked in the marketing field. Two years later, I moved back to Connecticut and was the Head Basketball Coach at a small college there. I moved back to Seattle in 1997 and to Palo Alto in 1998 to work in the marketing field. I moved back to Seattle the next year and married Laurie McKim in 2000. The following year I opened my own business (Marketing Public Relations). My daughter Emily was born 2-27-02. In 2003, I started working with real estate as a hobby and two years later I went full time in real estate (develop, flip, and sell property).

I graduated from UAA in 1991 with a BA in Economics. Worked at Humana Hospital (now AK Regional) from 1990 - 1992 (where I met my husband Lee), then went to Anchorage Fracture & Ortho Clinic (billing) from 1993-1999. I then became a stay-at-home mom. We have a son (Jared) and daughter (Jordan). I went back to work part-time on my daughter's first day of Kindergarten. My husband is the staff director and worship pastor at ChangePoint. We enjoy taking the kids to Texas, where we can hit the beach, amusement parks, outdoor water parks, and pro sporting events (and stay with my aunt and uncle for free! They have a pool!).

I have been raising my four children with my wonderful wife of almost 15 years. I have used my teaching degree only to teach one year at a private school. Although I taught all four of our children at home for about three years as a stay at home dad. I enjoy the outdoors and coaching my children in soccer. We love the state of Georgia with the mountains and the beaches. I wish I could be with you all for the reunion. I have many great memories of my time in Alaska. Hey Matt Snell, Mike Fetko, and Tommy Worst!

## Devin Quince

After attending college I continued with theater production, opening a brand new facility in Phoenix, AZ. As I got more exposure as an audio mixing engineer I started touring mostly with Broadway type musical productions. Eventually I toured with two large scale productions as the Production Audio Engineer working with Harold Prince on the 1st National Tour of "Parade" and next with Eartha Kitt and Deborah Gibson in the 1st National Tour of "Cinderella." With all of the touring I managed to see a great deal of the country and meet a lot of interesting people. I've now settled down with a corporate theater production company doing large scale corporate productions for such companies as Merck, Genentech, Oracle, McKesson and Royal Caribbean. I'm still traveling but much less than before and more often to very nice resorts.

## Maggie Bohall (Reecamper)

Immediately, I packed my bags and left for the east coast. After graduating college with an Associate Degree and not knowing what I wanted to do with my life, I returned to Alaska. I was devastated; I never really liked this frozen wasteland. I worked here and there and then I turned 21! Met Larry Bohall January 23, 1992. After 11 years of courting (and two daughters later), we were married on October 11, 2003. We now live in Kenai.

## Dawn Reed-Slaten

Went off to school; got some degrees. Got married. Had children. Worked for a while. Made some good friends. Tried to live life by eating, drinking, and being merry.

## Ronnie Salas

Fall of '86, I attended Southwest Texas State University for one year. Could not afford it any longer and moved back to Anchorage. Took some classes at UAA and had odds and ends jobs. Then in Dec '89, I joined the Air Force. First assignment was Dyess AFB, TX. In November '90, I married Barbara Briscoe. In August '93, we had a son, Jarryd. In March '95, I was reassigned to Spangdahlem AB, Germany. Had an awesome time in Europe. Did a lot of traveling and experiencing the culture. October '95, we had a daughter, Alexandria. In June '99, I was reassigned to Andersen AFB, Guam. Loved the tropical weather. Loved it so much, stayed till June '04. But did experience some typhoon action. In July '04, I was reassigned to Korea. Had to leave my family behind and go alone for 12 months. It was a long, hard 12 months, but got through it. Then in August '05, reassigned to Elmendorf AFB, AK, where I am currently. Been married for 15.5 years and in the military for 16.5 years. We will see where I go from here.

## Stacy Durych (Schaefer)

I have been working as a self employed tax accountant since 1994, raising a family, traveling as often as possible, and living in Alaska (still).

I married in August 1987, had my second son Aaron in July 1988, and moved to Texas the next year. I divorced in 1990 and moved back to Alaska the following year. There I met the most wonderful man, Mark, and married him in 1992. I had a daughter Brianna (finally a girl) in 1995 and transferred to Utah in 1998, due to Mark being active duty Air Force. I worked from home for a couple of years, then went to work for the University of Utah in 2001. I've been working there ever since as an Administrator Program Coordinator for the Department of Family and Preventive Medicine. In 2003, my first son Michael graduated from high school, and my second son Aaron graduated this year.

My granddaughter Sariah was born in August 2005! I took my first vacation with my husband without kids to Hawaii this year. In 2005, I started a goal to lose weight and within a year I lost 55 pounds!

I married Patty Hauri (BHS Class of '87), we have three kids (Kat, Jason, and Christine). I joined the Army and spent eight years in (4 years in 13 Bravo and 4 years in Ammo supply). Went to the first Gulf War for six months. When I got out of the Army, I became an OTR trucker. Then I had a massive stroke that left me paralyzed on my right side with speech/communication disorders. I am 100% disabled through the VA now.

## Sharon Manassa (Smith)

I went to more school. Four years at Pepperdine and another three years at University of Florida. I read thousands of pages of British Literature and wrote hundreds of pages of what I thought about the readings. Somehow, I managed to fall in love and get married. Then I moved to Miami and everything changed. What a fun and lively city. There is everything here. I have learned so much from the people and the selection of items available. I had a beautiful son who keeps me on his toes with his perfect memory and his ambitions. I have a very active career as a sales consultant for LexisNexis to attorneys in the metro area. Our lives are busy but they are full of wonderful people and events.

## Willard Smith, Jr.

I moved to Phoenix the Fall of 1986 to attend DeVry Institute of Technology. I only attended one trimester at DeVry and spent the rest of the time living and growing up. Moved back to Alaska in 1989, and wondered what to do next. Attended UAA for an AAS in Electronics and got a job with the FAA. Went back to UAA for a BS in Computer Science, which I'll finally get in August 2006.

### **Tina Martinez (Sorenson)**

Since high school, I have been busy raising kids and going to school. Seems as though time has just got away. Now that my oldest is out on his own, I'm taking a break before pursuing my masters degree. I'm enjoying time with my daughter before she is too cool to want me around!

### **Cyle Sprick**

I received a BS in Physics from Carnegie Mellon University in Pittsburgh, PA. I was an engineer for Oceaneering Space Systems (NASA contractor) from 1990 - 2000 building life support systems for astronaut training, haz-mat/firefighters, and Mars exploration. Since 2000, I'm now a paramedic for South Australian Ambulance Service. I started my PhD in 2005 in Biomedical Engineering.

### **Mike Stabenow**

Spent some time at UAA trying to figure out what I wanted to do - graduated with a degree in Air Traffic Control. Took a job with the FAA and spent seven years in Southern California. Have spent the last few in Anchorage at Merrill Field.

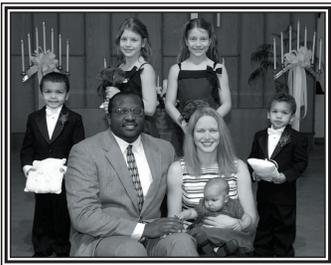

### **Michelle DeJean (Stanfield)**

I moved to New Jersey for a year in 10th grade and then to Washington D.C. Then I went to college in Alabama, graduated in journalism, and became a flight attendant for American Airlines. I've been there 15 years.

### **Robert Sun**

Nothing really colorful. I've been in Alaska the whole time. I work for Alaska Communication System and travel a fair amount.

### **Skip Townsend**

I attended college in Michigan on a basketball scholarship and moved back to Alaska after graduation. After two years of working at National Bank of Alaska, I moved to Detroit to work for General Motors. Since 1992, I have moved around the country (Detroit to Central Illinois, Chicago, Dallas, and now back to Detroit) in various capacities and with various divisions of GM. I'm currently with the Accessories Group, based in SE Michigan. I am married to my college sweetheart (who played women's basketball). We have five kids - three girls and two boys.

### **Joe Valdrow**

Went to UAF, commissioned into the Army Medical Department. Came back to North Pole Alaska. Married, two boys, three dogs. Work for Chenega Integrated System (armed security division) as a supervisor.

## David Vozka

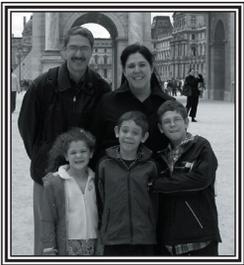

Since we had the extended summer break before our senior year, I began working for the Alaska Department of Fish and Game on the Susitna River. I ended up working for them all through college and beyond. It was only seasonal work, but kept me busy from 1985-1997. I worked out of Dillingham, Bethel, and Glenallen doing a number of jobs including counting salmon with sonar, monitoring a herring fishery, and tagging lake trout.

When I wasn't working, I was at Northern Arizona University for 4 years (1986-1990) and graduated with a degree in Education. I decided I wasn't ready for the real world yet, so I went to grad school for another two years at the University of Nevada, Las Vegas (1990-1992) and graduated with a Master's degree in History.

After graduating a second time I still wasn't ready for a full time career so I continued to work for ADFG during the summer and spent the winter months either teaching at UAA or traveling. I spent the late Winter/Spring of 1993 backpacking through Europe, the Winter/Spring of 1995 in New Zealand/Australia, and then the Spring of 1996 exploring the Western United States.

In January 1997, I met my wife Gina and decided to settle down somewhat. I found a job with the Habitat Division of ADFG in Anchorage and worked there from March 1997-September 2000. Gina and I were married in November 1998 and decided to move to Minnesota in September 2000 as opportunities and prospects were calling. I started working for Verizon Wireless in January 2001 as a Real Estate Analyst facilitating the acquisition and leasing of property for cell towers and equipment throughout the Great Plains. Due to company re-alignment, I am now in charge of retiring obsolete equipment.

Gina and I have two wonderful boys, Sawyer who was born on June 18, 2002 and Collin who was born on August 31, 2004. They are great and have shown me that all the choices I made in my life were the right ones.

## David Walker

Working! College, graduate school, now overseas building heavy infrastructure such as power plants, water treatment plants, and refineries. Raising three kids is also a time consuming effort.

## Steve Walton

Traveling and working hard! I left Alaska and moved to South Carolina for ten years. I then went to Jacksonville, FL for three years, San Antonio, TX for two years, and now I'm currently in Arkansas where I have been for the past five years.

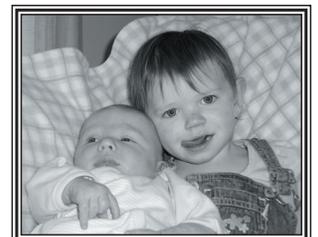

## Karen Perkins (Wasserzieher)

Once I got to Oregon, I didn't go far. I've been working at the same company since 1988 (I was just 19) and have worked my way up to my current position which I've had for 10 years. My happiest times have been in the last few years when I became a parent.

## Tammy Sanders (Woller)

I have been working in the accounting field in some sort of management since shortly after high school. I am now working for an excellent company as the Operations Manager in Watsonville, CA. We are the world's leading photography lighting company. I continue to play softball and be involved in as many sports as possible. My husband and I enjoy hiking, wake boarding, softball, basketball, biking, and chasing after our 1 1/2 year old. Chasing after Haley is probably the biggest challenge of all the above mentioned. I recently had a son, Ryan Matthew.
